Work Experience

Web Site Maintainer, Data Domain, 2004 to 2007

Primary maintainer of the company web site at www.datadomain.com, and a private site for company partners. Worked as a consultant via ongoing daily email contact.

Web Developer, Santa Clara University School of Law, 2006 to 2007

Implemented/created the web site at www.techlawforum.net, and a major redesign in early 2007.

Web Developer, Fireteam Consulting, 2004 to 2005

Created or redesigned several company web sites, including www.datadomain.com, www.audiblemagic.com, www.encentuate.com, and www.languagecrossing.com. XHTML and CSS coding; PHP scripting; image manipulation; site production; various other tasks.

Technical Writer, Lampert Technical Communications, 1997 to present

Write and edit user manuals, primarily about fiber optic and digital video components, using FrameMaker and Acrobat.

Web Designer, Zimbabwean Music Festival, 1995 to present

Created, designed, and maintain the web site at www.zimfest.org.

Web Development Consultant, University of California Santa Cruz, 1996 to 2003

Converted two large training manuals and other documents from print to web, completing all tasks independently. Major revision every two years. The Financial Information System Training Manual and Alumni Development System manual are important resources for UCSC staff members.

Web Designer, Village Music Circles, 1998 to 2006

From 1998-2001, redesigned and maintained the company web site at www.drumcircle.com. Created and maintained a (Perl-based) discussion forum. Expanded and reworked the site in 2006.

Technical Skills & Applications

Markup Experience Areas: (X)HTML, CSS, PHP, Perl CGIs, SSIs, MySQL, RSS, Apache, standards compliance, browser compatibility, CSS tableless layout and complex table-based layouts

HTML Editors: Primarily hand-code in BBEdit; have also used Dreamweaver and other WYSIWYG editors

Image Applications: Photoshop, ImageReady, Illustrator, GraphicConverter, others

Other Applications: Acrobat, FrameMaker, PageMaker, Word, Excel, QuickTime Pro, many others
